Hassaram Rijhumal College of Commerce and Economics, commonly known as H.R. College, is located in Churchgate, Mumbai. It is run by the Hyderabad National Collegiate Board and is affiliated to the University of Mumbai.

At H.R. College our goal is to pursue global standards of excellence in teaching learning, extension activities and research endeavours through capacity building quality initiatives. The college has an enrolment of more than 6000 students across its junior college and degree college where it offers B.Com, B.M.S., B.A.F., B.F.M., B.B.I., B.M.M., B.Voc at undergraduate level and M.Com in banking and insurance, business management and advanced accounting at post graduate level. It also offers Ph.D. courses in business economics and business policy and administration.

The Internal Quality Assurance Cell (IQAC) at H.R. College is composed of various faculty members and representatives of the management, industry and student body. The primary aim of IQAC is to promote quality in institutional functioning. The goal is to adopt measures that improve quality through institutionalization of best practices. It plays the role of a significant administrative body that is responsible for ensuring the maintenance of quality in different areas, with the aim to improve the academic and administrative performance of the college.

In order to obtain feedback from the student body and accurately identify and analyse areas of improvement, IQAC conducts an annual 'Student Satisfaction Survey' gauging the level of satisfaction of the student body with respect to the facilities and functioning of the college. The outcome of the survey serves as a base for future planning.

### Data Collection and Analysis

The survey is prepared and conducted by Internal Quality assurance Cell (IQAC) with the support of heads and coordinators of all departments. Feedback forms were distributed to the student population through various modes including online forms and printed forms distributed and collected after college hours. There were 639 respondents to the survey conducted. The students were asked to include any additional suggestions that they would like implemented.

The responses obtained were compiled in a spread sheet, analysed and logical conclusions were drawn thereupon. The results of the survey help the college understand the short term as well as long term needs of students, identify deviations if any and initiate remedial action where required.
